WORK EXPERIENCE

JULY 2022, AUG 2022 (INTERNSHIP)

Washapp SARL
Web Developer: Summer Internship

I was in charge of designing, developing, and deploying a website using JavaScript, PHP, and FTP deployment methods. My role involved collaborating with cross-functional teams to gather requirements, creating dynamic web experiences, and ensuring smooth deployment to servers via FTP.

JULY 2021 – SEP 2021 (FT)

Softodo
Symfony Developer: Summer Job

My experience as a Symfony Developer working with German clients has provided me with invaluable insights into the unique needs and expectations of the German market. Through effective communication, adherence to coding standards, and attention to localization and compliance, I have successfully delivered tailored Symfony solutions that have met and exceeded the expectation.

FEB 2021 – JUL 2021 (INTERNSHIP)

Amen Bank
Full Stack Developer : Final Year Internship

My experience in Amen Bank involved end-to-end development, encompassing front-end implementation with Angular, back-end development with Spring Boot, containerization using Docker, and deploying the Postgre database to Azure. This experience has not only strengthened my technical skills but also enhanced my ability to collaborate effectively and deliver successful web applications.
